## PROGRAM DETAILS

A Seminar on “ISSUES AND POLICIES IN WOMEN ENTRPRENEURSHIP” was conducted by Entrepreneurship Cell on 30-08-2022 at 10:30AM at Seminar Hall of KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada.

The seminar was inaugurated by lighting the traditional lamp by the Chief Guest Mrs.T.Radhika Cofounder Ayurvedic Skin Care Industry, Hyderabad. Dr.A.Suneetha, Principal and Dr.K.Saritha, E-Cell Coordinator.

Dr.A.Suneetha, Principal delivered a welcome note. Dr.K.Saritha, Coordinator gave overview of the event. 23 students had participated in the program.

Technical session talk was given by Mrs.T. Radhika on “Issues and Policies in Women Entrepreneurship”. She explained about the significance, need and importance of empowering the students to choose entrepreneurship as a career. She motivated the students and explained the pros and cons of entrepreneurship career.

Vote of thanks was proposed by the Coordinator Dr.K.Saritha. She expressed her thanks to Mrs.T. Radhika for accepting the invitation. The Principal and Coordinator of the Seminar expressed their gratitude to SAGTE for sponsoring the program.

# SENSITIZATION PROGRAM On ENTREPRENEURSHIP 24<sup>th</sup> June, 2022

Guest Speaker

Dr. R. Srinivas Rao MBA, PhD  
Professor  
PB Siddhartha College of  
Arts & Sciences,  
Vijayawada

Young Entrepreneur

Ms. K. Apoorva M.Pharm  
Dept. of Pharmaceutics  
Baramati Products Ltd.  
Alumni of KVSRCops  
Vijayawada

## Objective

The main objective of this program is to create awareness among students and faculty of pharmacy courses about various aspects of entrepreneurship as an alternative career option.

## Venue:

Seminar Hall (A/c), KVSRSOPS

## Organized By

Department of Pharmaceutics and Biotechnology

## In Association with

KVSR Siddhartha College of Pharmaceutical Sciences  
Vijayawada-520010

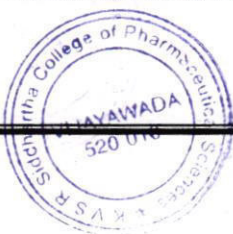

## Sponsored by

Siddhartha Academy of General & Technical Education  
Vijayawada-10

## INTRODUCTION

Entrepreneurship is the ability and readiness to develop, organize and run a business enterprise, along with any of its uncertainties in order to make a profit. The most prominent example of entrepreneurship is the starting of new businesses. The entrepreneurial vision is defined by discovery and risk-taking and is an indispensable part of a nation's capacity to succeed in an ever-changing and more competitive global marketplace.

Entrepreneurs play a very important role in the process of nation-building, especially in a developing country like India. Entrepreneurs start many entrepreneurial ventures which in turn hire many people thereby giving them employment, livelihood and vocational opportunities. These people earn money in the form of salaries, wages, stipends, etc. Also, entrepreneurs borrow money from banks, shareholders, investors, etc. who earn interest, dividends, profits, etc. All this money is indirectly used in the economic development of the nation. Thus entrepreneurs facilitate the economic development of the nations which is very important component of nation-building.

Keeping all this in view, KVSRSOPS, Vijayawada conducted one day "Sensitization Program on Entrepreneurship" on 24-06-2022 at 10:30 AM

## OBJECTIVES OF PROGRAM

- The main objective of this program is to create awareness among students and faculty of pharmacy courses about various aspects of entrepreneurship as an alternative career option,
- Impart basic knowledge, skills and attitude related to entrepreneurship.

### PROGRAM DETAILS

One day "Sensitization Program on Entrepreneurship" was conducted by Department of Pharmaceutics and Biotechnology, SPIIC in association with E-cell on 24-06-2022 at 10:30 AM at Seminar Hall of KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada.

Dr. K.Srinivas Rao, Professor, PB Siddhartha College of Arts & Science and Ms.K.Apoorva, Alumni of KVSRSCOPS and Founder of Bhramari Products were the speakers for the session.

Dr. K. Srinivasa Rao, Professor, mainly focused on the entrepreneurial development process, skills required such as goal, knowledge, decision making ability, team management, leadership qualities to become an Entrepreneur. He inspired and motivated students that they should be continuously involved in problem solving, come out with novel ideas and hope to see future Entrepreneurs from the institution.

Ms. K. Apoorva, founder of Bhramari Products shared her experiences and journey from a student to an Entrepreneur. She gave a detailed description on the products developed, marketing strategies and risk involved. She motivated students to face risk come out of the comfort zone and become an Entrepreneur.

On this occasion E-Cell organised Logo design competition and the best logo was announced, certificates and prizes were distributed.

Dr. A. Suneetha, Principal, KVSR SCOPS, Dr.G..Ramana, Programme Co-ordinator, HOD Department of Pharmaceutics, Dr.K.Saritha, E-Cell Co-ordinator, KVSRSCOPS staff and 184 students participated in the programme.

PHARMACEUTICAL SCIENCES  
VIJAYAWADA-520 020.

### PROGRAMME OUTCOMES

At the end of the programme students expressed interest and intention to explore entrepreneurship as an alternative to career development. Students eagerly enquired about opportunities, criteria for project selection, business ideas, market potential and skills required for business establishment and development. Students expected more seminars and workshops regarding entrepreneurship. Overall based on the feedback, the program could be considered as a success and useful to students.

## PROGRAM DETAILS

A Guest Lecture on “Unleash an Entrepreneur in Yourself” was conducted by Entrepreneurship Cell on 10-02-2022 at 10:30AM at Seminar Hall of KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada.

The seminar was inaugurated by lighting the traditional lamp by the Chief Guest **Dr. D. V. Rakesh**, Project Manager, Quality Control, North Carolina, Biological E Pvt. Ltd, Hyd along with Dr. A. Suneetha, Principal and Dr. K. Saritha, E-Cell Coordinator.

Dr. A. Suneetha, Principal delivered a welcome note. Dr. K. Saritha, Coordinator gave overview of the event. More than 130 students have participated in the program.

Technical session talk was given by **Dr. D. V. Rakesh** on “Unleash an Entrepreneur in Yourself”. He explained about the significance, need and importance of empowering the students to choose entrepreneurship as a career. He motivated the students and explained the pros and cons of entrepreneurship career.

Vote of thanks was proposed by the Coordinator Dr.K. Saritha. She expressed her thanks to **Dr. D. V. Rakesh** for accepting the invitation. The Principal and Coordinator of the Seminar expressed their gratitude to SAGTE for sponsoring the program.

### PROGRAM REPORT

One day National Seminar on

### RESEARCH METHODOLOGY AND ITS APPLICATIONS

Organized by

### RESEARCH AND DEVELOPMENT CELL

**Name of the event:** National Seminar on “Research Methodology and its Applications”

**Dates:** 06-01-2022

**Resource person:**

Dr. Y. Ramesh,  
Professor, Dept. of Pharmaceutics,  
Ratnam Institute of Pharmacy, Nellore  
Email id: [yramesh703@gmail.com](mailto:yramesh703@gmail.com) Contact number: 7842484042

**Convenor:**

Dr. G. Devala Rao,  
Principal, KVSRS SCOPS  
Email id: [drgr1964@gmail.com](mailto:drgr1964@gmail.com) Contact number: 9848827872

**Number of students attended:** 36

**Venue:** KVSRS SCOPS

**Objective of the program:**

- To develop better insight into topic and inculcate logical and systematic thinking
- To provide systematic structure and enhance research quality
- To derive better solutions and aids in decision making

**Outcomes of the program:**

After attending the seminar, students expertised in the following:

- Demonstrated the ability to choose methods appropriate to research aims and objectives.
- Understood the limitations of particular research methods.
- Developed skills in qualitative and quantitative data analysis and presentation.
- Developed advanced critical thinking skills.

**ONE DAY NATIONAL SEMINAR ON**  
**“RESEARCH METHODOLOGY AND ITS APPLICATIONS”**

Dr. Y. Ramesh in his scientific talk highlighted that every research project looks a little bit different. While research questions can span a wide breadth of topics, it is important that researchers follow specific procedures as well as protocols when conducting their research. Methodology, or making sure one has documented the steps he/she took, is therefore important in research. The procedure a person follows to conduct research is research methodology. Dr. Y. Ramesh also emphasized that it is significant to understand the parts of a research methodology in order to ensure research is organized, credible, and impactful.

A handwritten signature in green ink, appearing to be "S. R. S.", written over the printed name of the principal.

**Name of the Program** : One-day Seminar on “**Intellectual Property Rights-Awareness**”

**Date/Duration** : 11/11/2021/2 hrs

**Name of the Resource Person** : Sri Jampala C Rajesh

**No. of participants** : 83

**Program Objective** : The main objective of the seminar is to give an insight about the IP Protection & Commercialization and to provide a deep understanding of the subject by bringing together experts in the field of patents and students of pharmacy

**Topics Covered** : Introduction to various Intellectual Properties including Patents, Trademarks, Geographical Indication, Copyrights and their significance

**Program Outcome** : The outcome of this seminar is the ability of students to understand what is patentable along with complete knowledge on filing a patent, trademark, GI according to the existing patent filing procedures nationally and internationally.

One day National Seminar on

**A RESEARCH UPDATE ON COMPUTATIONAL CHEMISTRY**

Organized by

**RESEARCH AND DEVELOPMENT CELL**

**Name of the event:** National Seminar on “A Research Update on Computational Chemistry”

**Dates:** 25-06-2021

**Resource person:**

Dr. K. Srikanth Kumar,

Associate Professor,

V.V. Institute of Pharmaceutical Sciences, Gudlavalleru, Andhra Pradesh

Email id: karumanchi002@gmail.com Contact number: 9494682732

**Convenor:**

Dr. G. Devala Rao

Principal, KVSRS SCOPS

Email id: drgdr1964@gmail.com Contact number: 9848827872

**Number of students attended:** 55

**Venue:** KVSRS SCOPS

**Objective of the program:**

- To impart basic knowledge about the computational methods of theoretical chemistry
- To make the students understand about their reliability, the range of applicability and expected accuracy in solving problems of structural chemistry and spectroscopy.

**Outcomes of the program:**

After attending the seminar, students expertised in the following:

- Understood the fundamentals of computational chemistry and its significance in solving problems of structural chemistry and spectroscopy.

## ONE DAY NATIONAL SEMINAR ON

### “A RESEARCH UPDATE ON COMPUTATIONAL CHEMISTRY”

Dr. K. Srikanth Kumar in the scientific talk highlighted that computational chemistry is a branch of chemistry that uses computer simulation in order to assist in solving complex chemical problems. It exploits the methods of theoretical chemistry, incorporated into efficient computer programs, to calculate the structures, the interactions, and the properties of molecules. Computational chemistry provides insights into how chemicals can bind in the active site of a protein to block or promote its function. Such computational tools provide insights into the dynamics of protein motions and can be even used to predict what happens when an amino acid is substituted by another one. In organic chemistry, computational chemistry is especially important for understanding the structures and properties of compounds and for elucidating mechanisms of chemical reactions, and this, in turn, helps in the design of new reactions and catalysts.

## INTRODUCTION

Dynamic antiviral drug development is a pressing need, as viral infections have caused millions of human fatalities worldwide over the course of human civilization. This seminar gives brief knowledge regarding anti viral drug design and Intellectual property rights

## OBJECTIVES OF NATIONAL SEMINAR

The objectives include

- To learn about drug design which helps in discovery of new drugs
- To Gain an understanding of scientific research with an emphasis on the process involved in antiviral drug development.
- To know about protection granted to creators of innovative intellectual creation

### Report

### NATIONAL SEMINAR ON - Current Research In Antiviral Drug Design & IPR

#### Introduction:

Department of Pharmaceutical Analysis, KVSRS Siddhartha College of Pharmaceutical Sciences, in association with, Antiviral Research Society (AVRS) organized a national seminar to modernize on COVID-2018 Drug design, advances in HIV integrase Inhibitors and seminar was conducted in the name of ANTIVIRAL DRUG DESIGN AND IPR presented by Dr. P. SELVAM (President, Antiviral society, Chennai, Tamilnadu), Dr. KASTHUR REDDY (MD, Makore labs, Hyderabad, Telangana). For this educative seminar we had a chief guest, Sri. N.V. BHASKARA RAO, Joint Chief Environmental Engineer (JCEE), AP Pollution Control Board (APPCB), Vijayawada Zonal Office Vijayawada and Dr. C. Nageshwar rao garu Convenor of KVSRS SCOPS and Vice president, Siddhartha academy of general and technical education. Principal, faculty members including HOD's and all the students participated in the seminar.

#### Proceedings:

Dr. M. Vijayalakshmi garu, associate professor, KVSRS Scops welcomed the gathering. Respected principal Dr. G. Devala Rao garu, KVSRS Scops, introduced guests of honor and high lightened the theme of session and spoke about the advancements taking place in drug design and development in COVID related drugs and also gave awareness on how to fight with the symptoms and lead a healthy life in these pandemic situations.

Sri N.V. BHASKARA RAO garu, chief guest, gave awareness on role of pharmacists and doctors in helping people lives in these deadly periods. He also addressed students about

PROCESS RECORD FOR ACADEMICS

the pharmaceutical field and its importance in drug design and development and future prospective in research.

Dr. P. SELVAM sir who is President, Antiviral society, Chennai, Tamilnadu) addressed the first session with topic: recent updates in COVID-2018 Drug design. He worked on the ayurvedic and siddha medicinal formulas and came out with a formula named kaba sura kudineer (KSK) a polyhedral preparation comprising of several medicinal plants. These medicinal plants were are very efficiently used to treat many diseases and are widely used in ayurvedic and siddha medicines. He developed a khashayam with chooses plants and tested for the increase in the immunity in body and efficiency in fighting against different viruses. He observed people with consistent intake of KSK khashayam twice a day, there is a huge development in the immune cells in different kinds of diseased patients and suggested us for a best medicine that can be taken daily.

Nest session was addressed by Dr. KASTHUR REDDY, MD, Makore labs, Hyderabad, Telangana on the topic: recent advances in HIV integrase inhibitors. Starting with the life cycle of HIV virus and its biology he presented about the various stages when virus enters the human body and starts entering in to human cell and multiplying with the cell. He elaborately explained different stages that can be blocked to prevent growth of infection. He presented on the paper he worked with the advances taken place in this research study. After the educative sessions principal sir along with the members of department of pharmaceutical analysis felicitated chief guests and the speakers of the seminar.
