Introduction:

Ganesh idols are often decorated with toxic paints which contains heavy metals such as lead and mercury which seeps into the water after the idol immersion, and adds to the acidic level of water which is not good for the environment and marine life. It can also cause skin diseases in humans.

Eco friendly Ganesh idols are those that are made up of... Natural and biodegradable materials, which degrade faster and do not harm the environment or, they are made up of recycled / reused materials, which could be dismantled and reused again

Objectives: -

- To create awareness on eco-friendly Ganesh idols
- To explain the harms of Ganesh idols decorated with toxic paints
- To avoid the environmental pollution

Starting time & date	9.00am & 2 nd July 2022
Ending time	4.30pm

History and Significance of International Plastic Bag Free Day

Almost 5 trillion single-use plastic bags are used worldwide each year, according to a report from the United Nations Environment Programme (UNEP). Every year, the world generates 300 million tonnes of plastic waste, which is the weight of the whole human race. Plastic bags take upwards of 400 to 500 years to disintegrate and till then, they remain in our landfills and in our tributaries, rivers and seas. Eventually, they find their way into the stomach of our cattle and in our fish, which in turn is consumed by humans. The report also issues a warning that by 2050, there may be more plastic in our oceans than fish.

The campaign was run by Zero Waste Europe's Bag Free Worldspread internationally, and July 3 was selected as the day to promote the use of eco-friendly alternatives like paper and cloth bags while discouraging the use of single-use plastic bags.

People organize beach clean-up campaigns, vow to stop using plastic, and raise awareness of the dangers of plastic pollution as a way to mark the day.

In India, the Sikkim government had enacted the nation's first plastic-bag ban in 1998. In an effort to limit the usage of plastic carry bags (20 mm or less in thickness), India established the first plastic waste management regulation in September 1999.

Objectives:

- To raise awareness of the menace of plastic bags polluting our environment and our seas
- To promote the use of eco-friendly alternatives like paper and cloth bag

ప్లాస్టిక్ వినియోగాన్ని నిషేధించాలి

కోడూరు: మానవాళికి ముప్పుగా మారిన ప్లాస్టిక్ వినియోగాన్ని పూర్తిగా నిషేధించాలని విజయవాడకు చెందిన సిద్ధార్థ మెడికల్ కళాశాల విద్యార్థులు పిలుపునిచ్చారు. మెడికల్ విద్యార్థులు శనివారం హంసలదీవి సాగరతీరాన్ని సందర్శించారు. తీరంలో పెరుకుపోయిన ప్లాస్టిక్ గ్లాసులు, ప్లాస్టిక్ కప్పులు, వాటర్ బాటిల్స్ తో పాటు చెత్తాచెదరాన్ని తొలగించారు. ప్లాస్టిక్ పదార్థాలు సముద్రంలో కలిస్తే కాలుష్యం మరింత పెరుగుతుందని, ప్లాస్టిక్ ను ఇప్పటికే కేంద్ర, రాష్ట్ర ప్రభుత్వాలు నిషేధించిన సేపథ్యంలో ఇందుకు అందరూ సహకరించాలని

వ్యర్థాలను తొలగిస్తున్న మెడికల్ విద్యార్థులు విద్యార్థులు కోరారు. పాలకాయతిప్ప మెరైన్ పోలీసులు వీరికి తీరంలోని పరిస్థితులపై అవగాహన కల్పించారు.

INTRODUCTION

Yoga originated in India around 5000 years ago and since then, this physical, emotional and spiritual practice has helped the human race maintain better health and overall well-being. On 27th September 2014, during a UN General Assembly meeting, Prime Minister Mr Narendra Modi spoke about the invaluable gift of yoga that ancient Indian tradition has given to the world. In a very impactful and convincing speech, the Prime Minister laid emphasis on the fact that yoga would help in bringing harmony between man and nature. The initiative was appreciated and the proposal to designate 21st June as International Yoga Day was decided by 193 members of the UN General Assembly on 11th December 2014. The yoga day proposal was supported by more than 170 countries. The following year, i.e. 2015 International Yoga Day was celebrated on 21st June for the first time.

Keeping all this in view, KVSRSOPS, Vijayawada has organized "International Yoga Day" for students on 21-06-2022.

OBJECTIVES

- International Yoga Day aims to develop the habit of meditation among youngsters so that they can enjoy more peace of mind and self-awareness, which is essential for a stress-free existence.
- Yoga helps to keep the internal organs in the body to function properly by increasing the oxygen and blood flow.
- Proper oxygen and blood supply to all the vital organs helps to diminish the occurrence of major diseases related to the heart, lungs, kidneys and other vital organs.
- Aims to educate people about the various means of overcoming stress naturally without resorting to any artificial medicine.
