2.5.1. Mechanism of internal/ external assessment is transparent and the grievance redressal system is time- bound and efficient

KVSR Siddhartha college of pharmaceutical sciences (KVSRSCOPS) follows the guidelines issued by Krishna University while conducting both internal assessments and end of semester examinations. The internal exams are conducted on campus but the end of semester examinations are conducted at an external centre chosen by Krishna University. In accordance with the guidelines, an examination committee is assembled to ensure a smooth and fair process. This committee comprises of a senior faculty member as chair-person and other teaching and non-teaching faculty as supporting members.

Internal Examination

1. Internal assessment tests are conducted every semester for all of our courses in line with the Pharmacy Council of India (PCI) Guidelines.
2. One week before the commencement of exams, a schedule / timetable and a final seating plan for each test are prepared and communicated to the students via email and a notice on the common information board.
3. Within 2 weeks after an assessment, the evaluated answer scripts are distributed to students for clarifications (if any).
4. The grades / marks are then displayed on the common notice board where students can view their individual performance.

5. KVSRSCOPS follows a multi-stage process for addressing evaluation discrepancies:
    - Stage 1: Errors in question paper, and any evaluation issues, will be addressed by the concerned teacher, and the required corrections will be made accordingly.
    - Stage 2: At chairperson of Examination Cell: In the event that the issue can't be resolved at stage 1, the student can alleviate the issue to the chairperson, Examination Cell. The chairperson shall involve the concerned Head of Department (HoD) to find an appropriate solution.
    - Stage 3: If the issue is still unresolved after stage 2, it can be further escalated to stage 3, which is the principal level. The decision made at this level is final. At this Stage, the principal assigns the evaluation task to a professor / associate professor different from the one in stage 1.
6. For students who miss these internal assessments for reasons beyond their control, a second session of assessments is arranged.
7. The total score for these internal assessments is submitted to Krishna University. This total score is affected by their attendance and performance in regular tests and timely submission of assignments.

External assessment

1. After examination, the answer scripts are evaluated at various evaluation centres designated by the university and the final results are declared.
2. If student has any grievances regarding evaluation of the answer scripts, the student can apply for re-evaluation / challenge evaluation.
    - Re-evaluation: This process needs to be initiated within a week of the declaration of results. The results of this process are announced as per university norms.

- Challenge evaluation: If the re-evaluation results are not satisfactory, a student can apply for challenge evaluation within a week after the announcement of the re-evaluation results.
