BEST PRACTICE-1

1. Title of the Practice

SIDDHARTHA CHETANA (A Perception of Well Being by Siddhartha Helping Hands)

2. Objectives of the Practice

- To develop organizational skills among the students and to understand the real needs of the society and indulge them in problem solving process.
- To practice national integration and uplift social harmony among individuals.
- To inculcate strategies in facing emergencies and national disasters.
- To promote awareness on health related problems in the society.
- To educate the students with essential skills and knowledge related to patient counselling, for the safety and benefit public health.

3. The Context

The Management, Departments and various Committees of KVSRS SCOPS step ahead for inspiring and motivating the students by conducting various outreach or awareness programs.

4. The Practice

The Head of the institution initiated and took a lead role in motivating the staff and students to organise various outreach, awareness and charity programmes like The Wall of Kindness, Mobile Patient Counselling, CPR Training Program, Breast Cancer Awareness etc., with great enthusiasm.

5. Evidence of Success

These practices served as a valuable educational platform for students to learn essential skills and knowledge by covering various pertinent topics.

6. Problems Encountered and Resources Required

During the working hours, the participation of the villagers was comparatively less owing to their engagement in daily activities during day time.

BEST PRACTICES

7.2.2: Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual

Title: "AAGEBADHO" – Step Ahead for Success

Objectives:

- Bridge academia and industry gaps.
- Provide holistic training in skill development.
- Offer hands-on learning with industry experts.
- Facilitate placements in top organizations.
- Prepare students for competitive exams and advanced certifications.
- Promote higher education and career specialization.

Context:

Traditional academic learning often lacks real-world application, making it crucial to integrate industry-oriented education. Our multi-faceted approach tunes students with both theoretical knowledge and practical skills, preparing them for dynamic industry demands.

The Practice:

At KVSr SCOPS, our pre-placement training focuses on both technical and soft skills. Key modules include:

- **Technical Skills:** Advanced certifications in industry tools.
- **Soft Skills:** Training in communication, leadership, and teamwork.
- **Aptitude Training:** Enhancing logical reasoning and problem-solving.
- **Personality Development:** Focus on confidence and interview skills.

We also provide industrial visits, workshops, and coaching for exams like GPAT and GRE.

Evidence of Success:

Our training has significantly improved student performance, with high placement rates and positive employer feedback. Many students have secured roles in top companies.

Challenges and Resources:

Some rural students need additional mentoring, which we address through personalized guidance.

Empowering Future Pharmacists: GPAT Awareness and Preparation

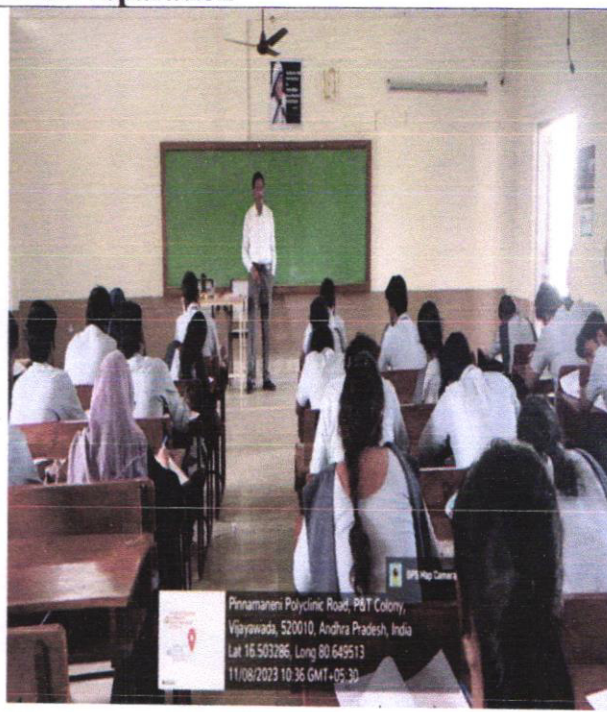

OBJECTIVES

1. Create awareness about GPAT's significance and its role in advancing pharmacy education.
2. Provide students with insights into the syllabus, examination pattern, and key focus areas.
3. Share effective preparation strategies and resources.
4. Inspire participants through success stories and expert interaction.

GPAT Awareness and Preparation

A talk by Dr. T. Sarala Devi

A talk by Dr. T. P. Rao

OUTCOMES:

The program received overwhelming appreciation from participants for its comprehensive coverage and expert guidance. Students reported increased confidence and clarity regarding GPAT preparation. The mock test analysis proved invaluable in understanding real-time performance.

Resume Preparation and Interview Readiness

Objectives of the program

- Effective Self-Presentation, tailoring for Specific Jobs, Structuring and Formatting.
- Quantifying Achievements, Interview Readiness, Building Confidence, Mastering Common Interview Questions, Research and Preparation
- Professional Etiquette

Resume Preparation and Interview Readiness

A Talk by Dr. P. Jeevan Kumar

Outcomes of the program

- Have a professional resume ready to submit for job applications, tailored to their specific career goals.
- Be fully prepared for job interviews, confident in their ability to communicate effectively, present themselves professionally, and follow-up appropriately.
- Experience improved job search success, as they will be better equipped to make a positive impression on employers, leading to more interviews and job offers.
